

# Carbothane® 134 LV

**Carbothane 134 LV is a high gloss, low VOC, aliphatic acrylic polyurethane topcoat. It far outperforms an SSPC Level 3 urethane specification for color and gloss retention.**

**PRODUCT DETAILS** Carbothane 134 LV is a thin film, low VOC, gloss finish with exceptional weathering performance characteristics. It is designed to meet a VOC level of less than or equal to 250 g/l. This product provides a smooth, durable finish that has superior resistance to chemical exposure, abrasion and corrosion. It is suitable for industrial and architectural uses and may be applied by brush, roller or spray.

## APPLICATIONS

COMMERCIAL/ARCHITECTURAL  
MARINE  
METALS AND MINING  
OIL AND GAS UPSTREAM  
PETROCHEMICAL  
POWER PLANTS  
PULP AND PAPER  
WATER & WASTEWATER  
BRIDGE AND HIGHWAY

## FEATURES

- › Low VOC, 195 g/l
- › Excellent weatherability
- › Exceeds SSPC Paint 36 specification for a Level 3 urethane
- › Can be applied down to 35°F
- › Superior impact and abrasion resistance
- › Infinite recoatability
- › Gloss finish
- › Excellent flow characteristics allow for application by spray or roller

# Carbothane® 134 LV

## Quality Product Backed by Quality Service

- › Carboline Company has been solving tough corrosion and fireproofing problems since 1947
- › Industrial service centers and sales offices located around the world
- › Over 20 worldwide manufacturing locations with a global network of sales and technical support
- › Industry leading field service and technical engineering support team
- › Certified to ISO 9001

### Reasons to use Carbothane 134 LV

PERFORMANCE FEATURE	ADVANTAGE	BENEFIT
Low VOC	195 g/l, as supplied	Ideal for areas where less than 250 g/l restrictions are required/preferred
Exceeds SSPC Paint 36 Level 3	Weathering resistance for long service life	Fewer repaints over the life of the structure
Gloss finish	Aesthetically pleasing appearance	Improves the quality of the object painted
Infinite recoatability	Easy to touch-up or repair	No extensive surface preparation required
