

# Carboseal® 816 HAR

**An abrasion-resistant, low odor polyurethane finish coat designed for resinous flooring systems.**

**PRODUCT DETAILS** Carboseal 816 HAR is a low-gloss polyurethane that provides excellent long term protection as the topcoat of a designed Carboseal or Carbocrete flooring system. Carboseal 816 HAR offers top in class abrasion resistance. The high-wear additive affords the product to be placed in service on floors that need extra protection against abrasion. The low odor formulation makes Carboseal 816 HAR an excellent choice when other trades or workers are present on the job site or for industries where low odor is beneficial, like the food and beverage or the pharmaceutical industries. Carboseal 816 HAR protects against a wide array of chemicals, making it an all-around exceptional coating.

## APPLICATIONS

FLOORING  
FOOD AND BEVERAGE  
COMMERCIAL / ARCHITECTURAL  
PHARMACEUTICAL

## FEATURES

- › Extremely abrasion-resistant
- › Low odor
- › Protects against a wide range of chemicals
- › Easily cleanable
- › Exceptional flexibility
- › Outstanding impact resistance
- › Excellent color and gloss stability
- › Suitable for use in USDA facilities

# Carboseal 816 HAR

## Quality Product Backed by Quality Service

- › Carboline Company has been solving tough corrosion and fireproofing problems since 1947
- › Industrial service centers and sales offices located around the world
- › Over 20 worldwide manufacturing locations with a global network of sales and technical support
- › Industry leading field service and technical engineering support team
- › Certified to ISO 9001

## Reasons to use Carboseal 816 HAR

PERFORMANCE FEATURE	ADVANTAGE	BENEFIT
High-solids	Low odor	Can be applied in interior commercial spaces
Extreme impact, wear, and abrasion resistant	Durable coating	Long-term protection
Chemical resistant	Robust coating	Expands areas of use
Eight hour cure time	Quick return to service	Saves time and money
